

CAM-420-PTZ

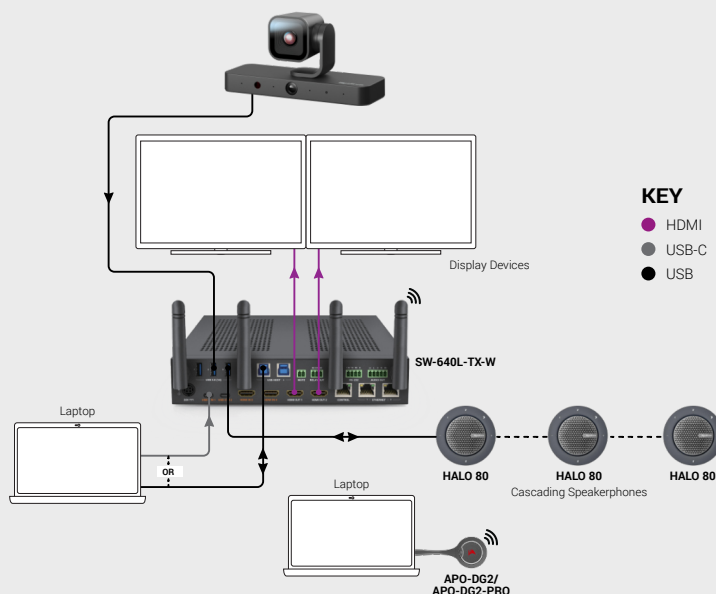

Smarter Vision for Smarter Meetings

WyreStorm's **CAM-420-PTZ** brings intelligence, flexibility, and professional-grade clarity to modern collaboration spaces. Designed for huddle rooms and medium-sized meeting environments, this 4K dual-lens AI PTZ camera delivers lifelike video, natural tracking, and immersive collaboration.

Why Choose CAM-420-PTZ?

The CAM-420-PTZ transforms how teams connect and collaborate. With AI-driven intelligence, dual-lens versatility, and effortless setup, it ensures every participant is clearly seen and fully engaged - every time.

Professional video. Intelligent tracking. Effortless collaboration.

Key Benefits

Stunning 4K Visual Performance

Crisp, detailed visuals for presentations and video calls with support of up to 4K@30 via HDMI and USB-C.

Dual Lenses for Complete Coverage

3x optical zoom 4K PTZ lens with 110° DFOV for focused framing & Panoramic lens with 120° DFOV for real-time participant detection.

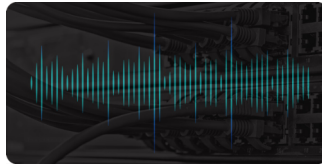

AI-Powered Tracking Intelligence

With Auto Framing, Speaker Tracking and Presenter Tracking options, you'll always be seen and heard, no matter where you are in the meeting.

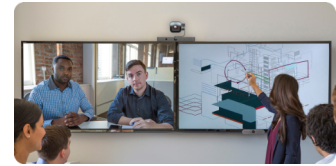

Individuals Gallery Mode

Generates dedicated close-ups of each participant which enhances engagement and delivers a more immersive remote experience.

Built-in Audio Pickup

With four integrated microphones with voice detection, the CAM-0402-PTZ supports audio tracking.

Flexible Installation Options

The camera adapts easily to any room layout with mounting options for Tabletop, TV, wall, or tripod installation.
